"YOUR HEALTH IS YOUR FORTUNE"

HERRMANN'S

Physical Training Institute

SPECIALISTS IN

**Health, Strength, Body-Culture,
Body-Building, Weight-Reducing, and Manly Exercises**

EXERCISE FOR ALL

COURSES OF INSTRUCTION

FOR MEN

Increased physical efficiency by modern training methods. Time-saving, interesting and result-producing exercises for the busy, "over-worked" and "run-down" business and professional man. Careful body-building, developing, remedial and respiratory exercises for the weak, ailing and delicate. Weight-reducing, health, strength, vigor and figure-restoring exercises for the obese. All exercise adapted strictly to individual requirements. Particular attention to those sent by physicians for specially prescribed training courses. We specialize in the training of the individual. Rational methods that animate and awaken slumbering, inert and untrained powers into tangible physical assets. Under the personal direction of experienced specialists. Busy men can "drop in" any time, without appointment, day or evening, for instruction, training, physical diversion or healthful exercise. Enroll at any time by lesson, term, day or year.

FOR WOMEN

Fencing, gymnastic, calisthenic, developing, remedial, corrective, respiratory, recreative, aesthetic and athletic exercises. Specially prescribed and personally directed exercise for the business and professional woman, literary worker, artist and society devotee. All exercises adapted strictly to the individual's age, strength, temperament, mental attitude, physical peculiarities, condition and ability. The beauty of personal comeliness, health, vigor, grace, poise, carriage and expression gained and enhanced by interesting, enjoyable and result-producing methods. Their effects are rejuvenating—they check the oncome of physical decrepitude. Superior to all the passive methods ever devised and all the cosmetics, tonics and medicinal pick-me-ups ever concocted. Those who recognize the value of our methods profit by increased energy, buoyant spirits, abounding strength and vigor and enjoy immunity from the physical deterioration caused by sedentary occupation, excessive mental application and prolonged nervous tension. Instruction any hour. Day and evening classes.

TO PHYSICIANS

We especially desire to co-operate with physicians in assisting by modern, interesting and rational physical methods, the development of constitutions enfeebled through heredity or disease and the correction of any physical weakness, due to lack of exercise of the proper quality and quantity. Our training methods are especially advantageous to such who are free from organic complaints, yet not robust, and who are urgently in need of individual training to regain and retain their health. Conscientious efforts made to secure the very best results.

MANLY EXERCISES

It is generally conceded that "Herrmann's" is the recognized, leading, select and most highly recommended boxing, fencing and wrestling academy in America. Pupils taught, not punished. No haphazard methods, antiquated training systems, incompetent, ungentelemanly nor abusive instructors tolerated. We embody and maintain the highest ideals and standards. Special courses for the timid, the weak, the manly boy, the business and professional man and the amateur and professional athlete in championship form.

TO PROFESSIONALS

Instruction and training of the amateur, gentleman amateur and professional athlete, performer, gymnast, acrobat, equilibrist, weight-lifter, strong man, boxer, wrestler, swordsman, etc. Training and coaching of sword-combats, duelling scenes, athletic, gymnastic and acrobatic displays and contests for amateur and professional theatrical productions, fairs, carnivals, etc. Particulars on request.

SCHOOLS, COLLEGES, ATHLETIC CLUBS

Trained instructors provided to take full charge of physical training departments and the instruction of the individual, class or team in boxing, fencing, wrestling, gymnastics, acrobatics, etc., at schools, colleges, seminaries, military organizations, boxing, fencing, wrestling, gymnastic and athletic clubs in or out of the city. Normal course for teachers. Estimates and particulars given on request.
